

## Breast Cancer Awareness... Breast Cancer Awareness

### Good Samaritan Medical Center Granted Accreditation

Good Samaritan Medical Center's Comprehensive Breast Center, has been granted a three-year/full accreditation designation by the National Accreditation Program for Breast Centers (NAPBC), a program administered by the American College of Surgeons. Accreditation by the NAPBC is only given to those centers that have voluntarily committed to provide the highest level of quality breast care and that undergo a rigorous evaluation process and review of their performance. During the survey process, the center must demonstrate compliance with standards established by the NAPBC for treating women who are diagnosed with the full spectrum of breast disease. The standards include proficiency in the areas of: center leadership, clinical management, research, community outreach, professional education, and quality improvement. A breast center that achieves NAPBC accreditation has demonstrated a firm commitment to offer its patients every significant advantage in their battle against breast disease.
